Ohio Earliest Planting Dates 2018

****Reminder:** Corn planted before the earliest planting date is not eligible for replant payments from the federal policy, but the insurance guarantee is not impacted as long as producers follow good farming practices**

****Clients who purchased corn supplemental replant extra insurances policies:** You are eligible for replant payments from the replant extra policy up to 20 days prior to the federal earliest planting dates indicated below. Also, replant extra clients are eligible for payments from that policy starting with the first acre.**

DISCLAIMER: See form RH-5159 for complete details on your replant extra insurance policy.
